Department of Library & Information Science
(Fr. Gordon Library)
Andhra Loyola College (Autonomous)
Vijayawada - 520 008

e-mail: library@andhraloyolacollege.ac.in

About ANDHRA LOYOLA COLLEGE (AUTONOMOUS):

The Jesuit Fathers founded Andhra Loyola College on 9th December 1953. It is the fruit of almost ten years of relentless efforts of Bishop Ignatius Mummadi of Guntur for a Jesuit College at the suggestion of Sir Cattamanchi Ramalinga Reddy, the founder and then Vice-Chancellor of Andhra University, towards the end of October 1943, as he could not establish Andhra University in the intended Vijayawada area since the required land in this fertile region could not be acquired at that time within the stipulated time. The local leaders too formed themselves as Vijayawada Loyola College Sahaya Sangham to help the Jesuit Pioneers of the College. The first academic session of the College began on 22 July 1954.

It started functioning as an Autonomous College from the Academic Year 1988-1989.The UGC awarded it the status of a "College with Potential for Excellence " in September 2004 in the first phase itself along with 46 other Colleges at all India level. The Department of Biotechnology, Govt. of India, selected it under the Star College Scheme in February 2016; and the Department of Science and Technology, Govt. of India, selected it under Fund for Improvement of Science & Technology (FIST) in January 2018 as the one and only College in Telugu States. It was selected under Component - 8 for "Enhancing Quality and Excellence in select Autonomous Colleges under Rashtriya Utchathar Siksha Abhiyan (RUSA) in June 2018 by the MHRD, Govt. of India. It is the only College from both the Telugu States that has been getting ranked among the top 150 Colleges since the commencement of the National Institute of Ranking Framework (NIRF) Rankings in 2017 to rank more than 43,000 Colleges at the National Level. The Sports Authority of India sanctioned it the prestigious Khelo India Centre in August 2020 as the one and only Collegein Telugu States.

Father Gordon Library:

Fr. Gordon Library of Andhra Loyola College (Autonomous), Vijayawada, is named after Rev. Fr. Douglas Gordon SJ., who was the Founder Provincial Superior and Second Principal (1959 - 1969) of the College, and Academic Senate Member of Andhra University. Fr. Gordon Library is enriched with a good collection of 94,744 judiciously selected books, 1,20,782 digital collection, including e-Books, and e-Journals; and a special collection of palm leaves of "Saraswathi Sahasranama". The Library subscribes to 162 Periodicals and Journals and maintains a Book Bank for the poor and economically backward students. Launched in 2014, the Diamond Jubilee year of the College, the "Loyola Reviewers Association" of the Library is a unique Program for continuous Reviewing of Books by student community to inculcate the reading habit among them. As of now 75 Books have been reviewed by the students.

Target Audience:

The Workshop is intended for Library and Information Science Professionals, Research Scholars, LIS Students and Library Technicians.

Scope of the Workshop:

The DSpace 8 Workshop offers a comprehensive and hands-on training session that is designed to equip Librarians with the essential knowledge and competencies required for the effective management, operation, and customization of digital repositories by using the latest version of DSpace 8. This workshop aspires to bridge theoretical frameworks with practical application, thereby empowering Librarians to tackle the challenges associated with the management and preservation of digital resources within their Institutions. As digital content management becomes a cornerstone of modern library services, this Workshop bridges the gap between technology and librarianship, ensuring participants adapting themselves to evolving user needs and technological advancements.

Focused Areas:

→ Overview of digital repositories, DSpace Architecture, and its significance.
→ Overview of Linux 24.04 and Basic Commands.
→ Installation of Linux 24.04 & DSpace-8.
→ DSpace Workflow & Administration.
→ Community and Collection Setup.
→ Metadata Management: Understanding and configuring metadata schemas (Dublin Core, custom metadata fields).
→ User Roles and Permissions: Managing user groups and access permissions in DSpace.
→ Hands on experience.
→ Customizing the DSpace Interface (Modifying themes, logos, and branding; hands-on customization).
