DEPARTMENT OF COMPUTER SCIENCE

A meeting of the Board of Studies of Computer Science held in the Department on -
December 30 2019, at 2.00 PM.

The following resolutions are passed unanimously.

Resolutions:

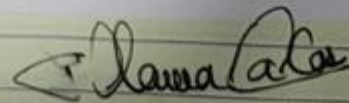

1. It is resolved to revise the course structure w.e.f. 2020 - 21.
2. It is resolved to introduce "**Problem solving using Computers & Python Programming**" in I Semester as Paper 1 in the place of "**Programming using C**".
It's a 100% change in the syllabi
3. It is resolved to offer "**C Programming**" as a compulsory certificate course in place of "**Python Programming**".
4. It is resolved to continue with "**Data Structures**" in the VI Semester as Paper VII.
5. It is resolved to introduce "**Foundation of Data Science**" as Paper VIII in Cluster-A in place of "**Computer Networks**". **It's a 100% change in the syllabi.**
6. It is resolved to introduce the following titles as "**PHP-Mysql & WordPress (B1), Internet Technologies (B2), Computer Networks(B3)**" in VI Semester as Paper VIII in Cluster-B.
7. It is resolved to introduce the following titles for B.Sc. [**Mathematics, Statistics & Big Data Analytics**] for III & IV Semesters
8. It is resolved to introduce the following titles for B.Sc. [**Mathematics, Statistics & Artificial Intelligence**] for III & IV Semesters.

BOS Resolutions - 2019-20

1. It was resolved to add the topic "chemical properties of water" in Unit-5 of the paper **Food Chemistry**
2. The Title of the paper was changed from "Food Nutrition and Biochemistry" to "**Food Biochemistry and Nutrition**"
3. Based on the title of the paper, it was resolved to shuffle the units as follows:
 - a. Unit 1 – Carbohydrate metabolism
 - b. Unit 2 – Lipid Metabolism
 - c. Unit 3 – Protein metabolism
 - d. Unit 4 – Nutrition
 - e. Unit 5 – Nutritional requirements for different age groups
4. It was resolved to add the topic "Nutrients – Deficiency disorders and preventive measures" in Unit 4 of Paper – **Food Biochemistry and Nutrition**
5. It was resolved to add the topics "Properties of steam (saturated and superheated steam)" in Unit 2 and "Psychrometric chart" in Unit 3 of the paper - **Food Process Engineering And Technology**
6. In Food additives and Toxicology,
 - a. Unit 2 was made into Unit 5.
 - b. Unit 3 was split into Food colours under Unit 2 and
 - c. Flavouring agents as Unit 3.
 - d. Unit 5 was merged with Unit 4 as Antimicrobial agents and antioxidants.
 - e. It was resolved to remove the topics "Sweeteners-natural & artificial", "Food applications", "risks and benefits of sweeteners" from the unit 4.
7. From the paper "**Post harvest technology of field crops**", it was resolved to remove
 - a. processing of oil seeds Groundnut, Soybean, sunflower, mustard and palm from unit 2
 - b. the units "fruits and vegetables- post harvest changes", "fruit and vegetable processing" and "by product and waste utilization"
 - c. add the following units in unit 3
Millets- Introduction
 - Millets- nutritional attributes
 - Physico- chemical properties of major and minor millets
 - Types of millets
 - Effect of processing on millet grains

- Food processing techniques- Soaking, germination, fermentation, puffing.

d) Unit IV

Processing of millets

- Processing technologies of major millets- Pearl millet, Sorghum
- Processing technologies of minor millets- Finger millet, Foxtail millet and Proso
- Value added products from millets processing

e) Unit V

BY- Product utilization

- By- products of rice processing
- By- products of wheat processing
- By- products of maize processing
- By- products from millets processing.

8. In the paper, **Technology of Milk and Milk Products**, it was resolved to split unit 1 into two units as follows:

a. Unit I- Introduction

- Milk Industries in India – Role of operation flood program
- Definition of milk – Source as food composition and nutritive value
- Physical and Chemical Properties of milk

b. Unit II- Processing of milk

- Processing of milk- Receiving of milk, Platform tests, Filtration and Clarification, Standardization, Pasteurization methods– Sterilization methods, Homogenization, Packaging and distribution of milk
- Manufacture and shelf life of Sterilized bottle milk and flavored milk
- Processing of milk powder (dried milk) and condensed milk.

c. It was resolved to make unit II (CREAM AND BUTTER) as unit III, the unit Ice cream is made as unit IV, and the topic from unit IV Indigenous milk products is made as unit V.

9. It was resolved

- to change the title of the paper Chemistry and technology of oils and fats as “**Technology of oils and fats**” and
- to remove the topic toppings, coffee whiteners and confectionery coatings from unit III of technology of oils and fats.
- the first 3 topics of Unit 4 are removed and the following points are added: value added products from non-traditional oils and fats, value added products from soybean processing and value added products from olive oil processing.
- the first and last two points are removed and the topic “By-products from Soybean processing is added”

10. It was resolved to change the title of Paper from "Sugar Confectionary and Chocolate Manufacturing" to "**Technology of Confectionary**" and to add the topic "Toppings, Coffee whiteners and Confectionary coatings" and to remove the topics – Energy conservation, sugar plant sanitation from Unit 2
11. It was resolved to remove Indian Food standards from unit 2 of **Food Safety and Quality Control**
12. It was resolved to change the syllabus of unit II of the paper **Packaging technology** as "Manufacturing of glass, paper, plastic, metal, wood, edible packaging and bio films" and remove the topic storage and handling of packaging material from unit III of the same paper
13. It was resolved to add 2 new papers
 - a. Fermentation and Beverages Technology
 - b. Technology of Fruits and Vegetables

(2019-2020)

The meeting of Board of Studies of Department of Physics for M.Sc. was held at 3:00 pm on 19th March 2019, in the Physics Laboratory staff room.

After a thorough discussion the following resolutions were passed unanimously:

1. It is resolved to continue the existing course structure and papers for all the four Semesters for the academic year 2019-20
2. It is resolved to add the following topics for enriching the knowledge of the students in the respective papers.

(a) **Classical mechanics (Semester I, Paper I)**

Unit I: Mechanics of system of particles

Unit V: Euler's equation of motion

(b) **Electronics: (Semester I, Paper IV)**

Unit IV: square law modulator and switching modulator, square law detector and envelope detector methods.

Generation of DSBSC waves using Ring modulator and Coherent detection of DSBSC waves.

Frequency discrimination method of generation and coherent detection of SSB waves.

(c) **Atomic Physics: (Semester III, Paper I)**

Unit I: Slater determinant

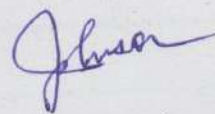

Unit III: Lande's interval rule

(d) **Molecular Physics: (Semester IV, Paper I)**

Unit I: Rotational and electronic interactions, Hund's coupling cases

Unit II: Multiplication table of symmetry operations, matrix representation of symmetry operations.

3. It is resolved to follow the proposed detailed Syllabus, Practicals, Question Paper Pattern and Scheme of Evaluation as attached.
